

JOIN AS A SUPPORTING MEMBER

The Illinois Food Scrap Coalition is a thriving organization of community and government organizations, businesses, schools, institutions, service providers and processors throughout the state that are dedicated to advancing food scrap composting in Illinois. Since forming in 2012, the core team and our over 100 members have realized many significant and impactful accomplishments and our work has grown substantially. In order to accomplish our initiatives and take food scrap composting to the next level in Illinois, we incorporated in 2016 and moved to a paid membership structure. Join your fellow stakeholders in becoming a member of IFSC. **YOUR SUPPORTING MEMBERSHIP** will not only further the impact of this group's initiatives, but also provide valuable exposure for you and your organization.

BENEFITS OF ADVANCING FOOD SCRAP COMPOSTING

- Creating jobs
- Cultivating nutritious soil and protecting natural resources
- Growing awareness of waste reduction and more efficient use of resources
- Building community consciousness around how our food is grown and how we manage surplus food scraps

BENEFITS OF IFSC MEMBERSHIP

- Participation in monthly IFSC meetings, and more focused subcommittee efforts
- Opportunity to engage with a network of experts and key stakeholders in the waste, recycling and composting industries, advocates, and leaders from municipalities, governmental agencies, the private sector, and non-governmental organizations
- Keeping up on the latest advancements in compost legislation
- Listing on member page of IFSC website
- Outreach and promotional support of member events and initiatives
- Complimentary BioCycle subscription
- Access to a library of resources, toolkits, white papers
