

IFSC 2013 Annual Report

- Formalized the group and named it the Illinois Food Scrap Coalition (IFSC)
- Created concept paper for the Illinois Food Scrap Coalition
- Invited stakeholder organizations and individuals to join & began monthly member calls
- Wrote Mission Statement
- Created subcommittees
- GIS Mapping subcommittee to illustrate all the players in the compost industry - from those who generate food scraps to those who pick it up and process it into compost. As an example of the type of depiction of infrastructure gaps and opportunities that this group will address, see the [map developed by DuPage County](#) of food scrap composting efforts in the 7-county Greater Chicago area.
- Wrote Letter to DCEO in support of F-SCRAP Program, directly influencing the continuation of that program.
- Dropbox established
- Logo created
- Presented at Illinois Recycling and Resource Management Conference in June 2013
- Grew to 68 registered members
